

Cable tray cutter

Axelent's battery powered cable tray cutter is able to cut stainless steel trays up to 6 mm diameter easily, quickly and cleanly. It is maintenance-free up to 10,000 cuts.

It is made by Klauke, a renowned brand on the cutting machine market. This model is only sold by Axelent and is unique in offering completely burr-free cutting that eliminates time-consuming finishing work.

Battery powered.

Complete kit including battery, battery charger, instructions and bag.
